

Student Learning Objectives:

- Build skills to face adversity in difficult times
- Develop techniques to treat others the way you would like to be treated
- Become more aware of the diversity of cultural traditions in the greater Rochester area
- How to create a safe environment where everyone can share issues of intolerance that have occurred in their communities
- Encounter and engage people from backgrounds different from your own
- Learn fundamental guidelines and etiquette to help us interact respectfully in a pluralistic society
- Discover how social media can be used to advocate for peace and respectful tolerance

Original event inspired by the
success of the
Interfaith Understanding
Conference 2010:
"Building Peace Together"

NAZARETH COLLEGE
HICKEY CENTER
FOR INTERFAITH STUDIES & DIALOGUE

Nazareth College's Hickey Center for
Interfaith Studies & Dialogue & IIIT Chair
promotes education and encourages strategies
for living peacefully in a culturally
and religiously diverse world.

This vision is realized through education,
dialogue, and community-building efforts.
Every culture demands that we alleviate suffering.
Every culture dreams of a better world.
Yet each tradition offers different
means to attain these goals.

As all cultures face a very difficult time,
resilience and patience are core values which are
being tested every day.

The Hickey Center believes that individuals
can learn from each other, understand
each other, and work together in a respectful
way for the common good.

Conference Location:
Nazareth College
4245 East Ave
Otto A. Shults Community Center
Rochester, NY 14618

Phone: (585) 389-2963
