

Let's be
change makers

13TH ANNUAL GLOBAL CITIZENSHIP CONFERENCE

Nazareth University's Hickey Center and IIIT Chairs promotes DE&I, Interfaith and Islamic studies and encourages strategies for living peacefully in a socially, culturally and religiously diverse world. This vision is realized through education, dialogue, and community-building efforts. It is supported by our State Board of Regents to train our next generations as change makers.

Our world today is divided and polarized. We need to teach our next generation methods of dialogue how to be peaceful and positive change makers.

The Hickey Center and IIIT Chair believe that individuals can learn from each other, understand each other, and work together in a respectful way for the common good.
