MSED.INEC.I
MSED.TESL.I.B-12

High-Need Fields (all low-income schools nationwide)

- 1.) Bilingual Education and English Language Acquisition
- 2.) Foreign Language
- 3.) Mathematics
- 4.) Reading Specialist
- 5.) Science
- 6.) Special Education

NOTE: To fulfill the TEACH Grant service agreement, the primary responsibility of your teaching position must be in one of the designated high-need fields listed above. Many Nazareth degree programs listed are TEACH-Grant-eligible based solely on the special education component. For example, an individual whose position is the special education teacher would be fulfilling the high need component, however, an individual whose primary position is the elementary teacher or history teacher would NOT be fulfilling the required service agreement in a high need field.

About the Federal TEACH Grant

The Teacher Education Assistance for College and Higher Education (TEACH) Grant Program provides grants of up to \$2,000 per semester to academically qualified students who intend to teach a high-need subject in an elementary school or secondary school or educational service agency that serves students from low-income families.

To receive the grant, complete an application, Agreement To Serve, TEACH grant counseling and FAFSA annually.

Please see [TEACH Grant information page](#) and the list above for more details.

Please reach out to the Financial Aid office to request the TEACH Grant application, finaid@naz.edu. Failure to complete the service obligation will result in the grant being converted to a Federal Direct Unsubsidized Loan with interest accrued and capitalized from the date of original disbursement.

NOTE: TEACH Grant funding and continuance is not guaranteed and is subject to federal budget approval.
