

STUDENT SUCCESS AND TEACHING EXCELLENCE AWARDS

Outstanding Undergraduate Academic Advising Award

As highlighted in our vision statement, Nazareth University “places special value on student success”. These awards recognize the outstanding work done to promote student success through innovation, advising, support, and mentorship. Award recipients will receive \$300 in recognition of their contributions to student success.

Nazareth promotes a developmental approach to advising that attends to the whole student and their educational, professional, and life goals. Advisors support student success by encouraging them to reflect on their interests, skills, and values and helping them to become self-reliant and make appropriate educational decisions. The Outstanding Undergraduate Academic Advising Award recognizes the outstanding work done by an academic advisor to facilitate student development and promote student success. One award recipient may be selected if the application packet substantiates the award criteria.
