

Tuition Waiver:

Please initial each item to ensure you have read and understood the terms of your tuition waiver.

- Graduate Admissions communicates the amount of your waiver and the term during which it is to be applied to Financial Aid and their office posts the waiver to your account. **Note: graduate students MUST be enrolled in coursework during the specific term in which the tuition waiver will be applied.** There can be no carryover to subsequent terms, and there can be no tuition waivers applied to prior terms. Each summer term is considered separately (i.e., students receiving a GA award in Summer B must be enrolled in coursework in Summer B).

- **Differential Rates of Reimbursement:** DPT students will receive a tuition waiver at the current graduate general tuition rate unless the assistantship is in the Physical Therapy Clinic. All other programs receive reimbursement at their program's per credit tuition rate.

- **If you drop your courses (or your registered credits drop below the number of credit hours provided by the tuition waiver), the GA tuition waiver will be immediately reduced and/or cancelled, and your student account balance will be adjusted accordingly.** Any work hours you have completed to date CANNOT be applied to a subsequent term. No financial remuneration will be provided to you in this situation. If, for whatever reason, you drop your course(s), either before the start of a term or during a term, you must communicate this to Graduate Admissions as soon as possible so that necessary adjustments may be made to your student account.

- Continuation of your graduate assistantship position in subsequent terms is not guaranteed, and is dependent on funding availability and your ability to meet the expectations of the position. It is your responsibility to discuss your performance with your supervisor; the supervisor must notify us that your position will continue, so that your waiver can be credited appropriately.
