1. The University's Student Accounts will generate a bill to the student for these expenses.
2. Reassessment PAEA End of Rotation Exam will cost $35 each for the fourth reassessment exam and beyond. Reassessment PAEA End of Curriculum Exams cost $99 each.
3. These fees and incidental costs will be paid by the student directly to other parties are various times throughout the program.
4. Other indirect expenses may include, but are not limited to: an up-to-date physical examination, tuberculosis screening, MMR, tetanus, varicella, hepatitis B, influenza, COVID vaccinations and/or titers to prove immunity. This figure is based on average costs for those without health insurance.
5. Testing software will work on most computers purchased in the last 3 years. Refer to the PA Student Handbook for specific technology requirements.
6. Standard cost of housing/meals for all graduate students per Nazareth Financial Aid Office.
7. This figure is based on the average cost of a roundtrip domestic flight. Airfare prices can vary significantly based on factors such as the departure airport, destination, time of booking, and travel dates. Students may choose alternative transportation options.
8. Students are responsible for all clinical travel expenses, including transportation and housing. These expenses are variable and will likely increase with clinical sites at greater distances from the student, which may be assigned depending on site availability and student preferences. This figure is an estimated maximum cost for students who live outside of the Nazareth University area. Please note that housing expenses are common living costs that students typically incur regardless of rotation location or program participation.
9. Cost projected based on a typical student traveling 50 miles round-trip to their clinical rotation sites.
10. Cost projected based on a typical student requiring housing in upstate NY outside of the Rochester area for 4 clinical rotations.
11. Cost projected based on a student temporarily relocating for all clinical rotations.
