

# Welcome to the Michael C. Walker Math Center!!!

202 Peckham Hall (by the Braveman Student Collaborative Center)  
585-389-2671

Students should go frequently to their instructors' office hours.

The center supplements the instructor by offering:

- A place to study
- A peer tutor available for **free** drop-in tutoring – no appointments necessary
- Solutions manuals and alternative texts (for some classes)

Tutors can help with all 100-level and most 200-level math courses. In addition, they can help with

- General math questions, even from other courses or subjects
- Math questions in computer assignments, even if they are not familiar with the computer programs themselves.

## **Question? Contact:**

Dr. Heather A. Lewis, Director
