

The Magic of Harry Potter

The "School of Wizardry" is in session!

All young wizards are invited to join us on a magical adventure. The faculty of Hogwarts will be instructing you on potions (inks, slime, and paints), building and launching of rockets, and many more fun activities - indoors and out.

All materials and equipment (wands, cauldrons and ingredients for your favorite wizard brew) are provided. Parents are reminded that young wizards should not bring their own wands or brooms to this camp!
