

everyday

Step 1

- Go to NazDining Instagram account and click the link to e-account in bio
 - Log into Naz e-account using your credentials
- If you have never used e-accounts before it will then prompt you for your student ID. After you enter your student ID you should receive a green box stating that you have successfully done so
- Then go to the **Profile button** at top of page. Fill in your complete profile if you have not already done so previously
- On this page, you must use Naz email not personal email. Email must be: @naz.edu not @ mail. naz.edu after you complete save your profile
- Then go to **Transact System Registration** button and hit enter- your registration should come up and show complete.
