

CLASSROOM CULTURE

Environment: The instructor created a learning environment that was open and hospitable.

Responsiveness: The instructor was attentive to student questions and comments and provided clear explanations and examples and/or the instructor facilitated students' ability to respond to one another's comments and questions during discussion/class activities.

Respect: The instructor treated all students respectfully.

SUCCESSFUL ELEMENTS:

SUGGESTIONS FOR REFINEMENT:

TEACHING METHODS

Active Learning: The instructor presented material and/or facilitated discussion/active engagement with material at a level that seemed accessible to all students.

Organization: Class time was structured such that learning activities were completed and instructional objectives were met.

Clarity: The instructor presented material/facilitated instructional activities in a clear and effective way.

Learning Modules: When appropriate, the instructor combined methods of instruction (visual, auditory, etc.) to accommodate various student learning styles.

Student Engagement: The instructor used a variety of techniques as appropriate for the classroom's culture to engage learners (e.g., movement, story, eye-contact, tone of voice, group work, discussion, etc.).

SUCCESSFUL ELEMENTS:

SUGGESTIONS FOR REFINEMENT:

CONTENT MASTERY

Expertise: The instructor was knowledgeable and up-to-date on the material presented, demonstrating mastery of the content.
