

PRESENTATIONS OF CREATIVE ACTIVITY IN THE PERFORMING ARTS for CARS 2022

The Creative Activity and Research Showcase (CARS) is an annual celebration of student work at Nazareth College. This year's CARS will be held on Tuesday April 19, as a full-day event, with all on-campus undergraduate classes suspended until 6:00 p.m.

Proposals for individual and/or group presentations must be approved by at least one faculty member involved with the creative activity to be showcased, or approved by the appropriate department chairperson or school director.

Proposals for performances: short performances of music, dance, or drama, limited to 10-15 minutes. Due to time constraints only a limited number of presentations can be accommodated. If more proposals are presented than can be accommodated, preference will be given to collaborative efforts: larger groups, themed performances including more than one group or dept., etc. That said, we encourage everyone's participation, including solo performers.

NEW THIS YEAR: because of the very successful videos presented last year, we are now also accepting films/video-art, and videos of your music, dance and/or theater pieces.

The event will be presented live, and each lead performer (if a group, the leading member or a group representative) will be briefly introduced prior to their piece and briefly acknowledged afterwards. In addition, there will be a panel discussion immediately following the performances, including all lead performers and involving the audience (Q&A), led by a moderator. Moderator questions will include the creative and work processes.

Performers are expected to attend the whole event, including the panel discussion. Performers should also publicize the event through all means available to them, including their mailing lists and social networks.

The final CARS schedule will be available on the CARS webpage by the end of March.
