

Internship Course Options

OCL 283 course (Zero-credit internship option)

- Requires at least 5 weeks/50 hours
- Requires advisor approval, site agreement, and learning goals
- Student academic work includes one final reflective paper and some minimal Moodle course participation
- Fulfills Experiential Learning graduation requirement
- Provides zero credits, but is officially registered and on academic transcript (but does **not** fulfill a 3-credit internship requirement in a major/minor/program)
- Cost = \$0, but may be require \$25 registration fee if not taking any other summer courses

Subject Specific 483 course (three-credit internship option)

- Requires at least 8 weeks/120 hours
- Requires advisor approval, site agreement, and learning goals
- Student academic work includes a series of academic assignments and online participation in Moodle (and three in-person seminar classes for all local students, non-local students complete an additional assignment)
- Fulfills Experiential Learning graduation requirement
- Provides three credits towards an academic major/minor/program (if major/program requires an internship, this course fulfills that requirement)
- Cost = limited number of two-credit scholarships available in summer (meaning that students are only billed for one credit, but are still earning three credits towards their degree and/or total graduation requirements)
