■ Wilmot Library

Second floor (mezzanine level): On the side that's the opposite of the stairs and elevator

■ York Wellness and Rehabilitation Institute

Second floor: Around the corner from the elevator

Our campus is in the process of updating signage to make more bathrooms officially gender-inclusive. Some of the bathrooms on this guide are gendered, single-occupancy restrooms.

Why are gender-inclusive restrooms needed? Single-occupancy restrooms are beneficial to transgender/ gender-expansive individuals, people with disabilities, caretakers that assist individuals of different gender identities than themselves, guardians with young children, individuals that need privacy for spiritual/religious reasons, those with certain medical conditions, and more!

“Gender inclusive” is used instead of “gender-neutral” in an effort to move away from a binary system of gender. “Gender inclusive” indicates that all gender identities (including those who do not identify with any gender) are welcome in a restroom.

■ Gendered Single-Stall Restroom

■ Gender-Inclusive Restroom

♿ Entrance/restroom are accessible

iD Naz ID required for entry

🕒 Restroom can be accessed 24/7
