Employer Sponsored Tuition Plan (ESTP) Procedures

Nazareth College's Employer Sponsored Tuition Plan (ESTP) provides eligible students the option of deferring tuition payment until the end of the semester after grade reports have been issued. Based upon the employer's planned tuition reimbursement to qualified employees and the employee's signed payment guarantee (ESTP deferral), the semester payment can be deferred until the due dates noted on the left.

Employer Sponsored Tuition Plan deferments for students must be completed each semester of attendance. It is also the student's responsibility to provide Nazareth College with a copy of their employer's tuition reimbursement policy on company letterhead each semester. Nazareth College can rescind the deferment if notified by the employer that tuition benefits are no longer in effect or if the student is not in good financial standing with the college.

Process

The student and the employer complete their respective parts of the ESTP deferment application and the student submits the application to the Nazareth College Office of Student Accounts by the billing due date for that semester. Student Accounts will verify that the student is in good financial standing with the college and will make a deferment notation on the student's college account. Students who have not satisfied their billing obligations by the semester billing due date are in jeopardy of being assessed a \$275 late payment fee.

Payment

Secure online payment can be made through NazNet from your checking or savings account by following the link **Pay Tuition Online** found on the left margin of the Student Accounts Website: www.naz.edu/student-accounts

It is the responsibility of the student to pay the semester's balance by the due date indicated on this form. A late fee of \$275 will be assessed if full payment is not received by the specified due dates.

On the business day following the published deferment due date for the semester, the Office of Student Accounts will identify those students who have unpaid balances and will apply a \$275 late fee to their student account. A financial hold will also be applied that will prevent registration as well as the ability to obtain transcripts or a diploma. If the college is unsuccessful in collecting the account balance, future ESTP deferments for that student will not be allowed. Delinquent accounts will be turned over to a collection agency.

Your employer's bankruptcy does not remove your responsibility indicated in this agreement.
