General Information: The Saturday Art School is an educational experience for Rochester-area children and Nazareth College's pre-service art teachers. As a part of this class, the art teachers will photograph and video record your children in order to document their classroom experience for NYS teaching certification requirements, and for use in their portfolios. These photographs may also accompany student artwork during the exhibition, and many be used in future promotional materials for Saturday Art School classes. Beyond these circumstances, these photographs will not be used without your permission, and your child's name will not be released. If you would prefer that your child not be photographed, please fill out a photography opt-out form that can be requested from your child's teacher.
