Term and Termination

Term

Effective Date _____ Expiration Date _____

This Agreement shall be effective as of the Effective Date listed above and shall continue in effect till the Expiration Date listed above, unless earlier terminated as provided herein (the "Initial Term"). Following the Initial Term, the term will automatically renew for successive one (1) year terms (each, a "Renewal Term" and, collectively with the Initial Term, the "Term") unless either party provides written notice of its intent not to renew this Agreement at least (90) days prior to the expiration of the then-current Term.

Termination

1. Either party may terminate this Agreement for any reason, or no reason, upon (90) days's prior written notice.
2. Nazareth may terminate this Agreement if the Contractor is in breach of any provision of this Agreement, and such breach is not cured within thirty (30) days of receipt of written notice from the College.
3. Nazareth may terminate this Agreement by providing written notice to the Contractor if the Contractor becomes insolvent, files a petition for bankruptcy or commences or has commenced against it proceedings relating to bankruptcy, receivership, reorganization or assignment for the benefit of creditors.

I. Independent Contractor

Both parties agree that no employer-employee relationship exists, and that the Contractor is considered an independent contractor under this agreement.

II. Employees

Both Parties agree that any employees hired by the Contractor are not considered employees of the College.

III. Supervision and Construction Procedures

1. The Contractor shall supervise and direct the Work, using the Contractor's best skill and attention. The Contractor shall be solely responsible for, and have control over, construction means, methods, techniques, sequences and procedures and for coordinating all portions of the Work under the Agreement, unless the Agreement gives other specific instructions concerning these matters. If the Agreement gives specific instructions concerning construction means, methods, techniques, sequences or procedures, the Contractor shall evaluate the jobsite safety thereof and, except as stated below, shall be fully and solely responsible for the jobsite safety of such means, methods, techniques, sequences or procedures. If the Contractor determines that such means, methods, techniques, sequences or procedures may not be safe, the Contractor shall give timely written notice to the College and shall not proceed with that portion of the Work without further written instructions from the College.

2. The Contractor shall be responsible to the College for acts and omissions of the Contractor's employees, Subcontractors and their agents and employees, and other persons or entities performing portions of the Work for, or on behalf of, the Contractor or any of its Subcontractors.

3. The Contractor shall be responsible for inspection of portions of Work already performed to determine that such portions are in proper condition to receive subsequent Work.

IV. Indemnification

1. To the fullest extent permitted by the law, the Contractor agrees to defend, indemnify and hold harmless the College, its affiliated entities, and their respective officers, employees and agents from and against any and all claims, proceedings, liabilities, losses, demands, costs and expenses of every nature and description, including reasonable attorneys' fees, arising out of or resulting from the acts, omissions, or negligence of the Contractor or his employees or agents or by anyone directly or indirectly employed by the Contractor or anyone for whose acts the Contractor may be liable. The Contractor's duties and obligations pursuant to this paragraph shall survive the termination or expiration of this Agreement and shall not be limited by any provision herein requiring the Contractor to maintain specific insurance coverages. Nothing herein is intended to relieve the College from its own negligence or willful misconduct or assume any such liability for the College by the Contractor.

2. In claims against any person or entity indemnified under this Section IV.1 by an employee of the Contractor, a Subcontractor, anyone directly or indirectly employed by them or anyone for whose acts they may be liable, the indemnification obligation under Section IV.1 shall not be limited by a limitation on amount or type of damages, compensation or benefits payable by or for the Contractor or a Subcontractor under workers' compensation acts, disability benefit acts or other employee benefit acts.

V. Insurance

The Contractor will provide the College with a Certificate of Insurance evidencing coverages that comply with the required insurance coverages set forth on page 3 of this Agreement. Please note that the Contractor must deliver the Certificate(s) to the College's Controller two (2) weeks prior to the Work.

Use of subcontractors must be pre-approved by the College. In the event that the College permits the use of subcontractors, the Contractor's General Liability policy must not exclude damage to its work if the work was performed by a subcontractor or if a subcontractor's work causes damage to other elements of the work.

All subcontractors shall maintain the insurance coverages outlined on page 3 and comply with all requirements set forth on page 3, including the furnishing of separate insurance certificates and endorsements prior to said subcontractors entering the premises or commencing work, unless otherwise agreed to by the College. It is recognized that the nature of some work performed by subcontractors may warrant a waiver of some of the insurance requirements outlined on page 3 or the imposition of additional requirements beyond those required on page 3. Such changes in the requirements are subject to review and approval by the College.

VI. Waivers of Subrogation

The Contractor hereby waives any and all rights of recovery against the College, or against its affiliated entities, and their respective officers, employees and agents, for loss of or damage to property, if such loss or damage is covered by any insurance policy in force (whether or not described in this Agreement) at the time of such loss or damage. The Contractor shall give notice to its insurance carriers of this mutual waiver of subrogation. The Contractor shall require of the subsubcontractors, agents and employees, by appropriate agreements, written where legally required for validity, similar waivers in favor of other parties enumerated herein.

VII. Governing Laws

This Agreement shall be governed by and construed in accordance with the internal laws of the State of New York without giving effect to any choice or conflict of law provision. Any suit, action or proceeding arising out of this Agreement shall be instituted in the federal or state courts located in Monroe County, New York, and each party hereby irrevocably consents to the personal jurisdiction of such courts.

VIII. Tobacco/Vape Free

Effective August 1, 2017, smoking tobacco or vape products is prohibited on all College grounds; College-owned or leased properties; and College-owned, leased or rented vehicles, regardless of their location.

Any unauthorized alterations made to this Agreement without prior approval will void and therefore cancel this Agreement. Furthermore, this Agreement shall not be effective until fully executed by all parties named below.

In Witness Whereof, the parties have executed this Agreement as of the date first written above.
