_____ Engage with seniors through games, activities, conversation, and check-in

PFS PURPOSE: The Partners for Serving program, as a part of Nazareth College's Center for Civic Engagement, develops mutually beneficial/reciprocal relationships in order to build community between Nazareth students and local human service agencies. At the sites, Nazareth students mentor, tutor, and facilitate activities for children, youth and adults in a variety of settings. Each placement is designed to help meet the needs of the agency while strengthening developmental relationships between Nazareth students and community members. These interactions allow students to improve their ability to work effectively with youth and adults with backgrounds and experiences diverse from their own. Through employment in PFS, Nazareth students improve their professionalism, establish a connection with the Rochester community, learn to recognize societal inequities, and gain a greater understanding of social justice issues and community solutions in Rochester and beyond.

5. PERSONAL OBJECTIVES:

A. Write a short description of why you are interested in the Partners for Serving program, including what you hope to learn from the experience.

B. List your previous Work Experiences:
